Dear Mr. Harris,

This letter is in response to your letter received regarding the reason why you are currently incarcerated. The information we received that you were incarcerated for Criminal Possession of a Controlled Substance in the 3rd Degree came directly from the Dutchess County Jail. After receiving your letter and speaking to the RSS Managing Director, it has been decided that at this time RSS will not proceed with your discharge until the court makes a decision. Please be advised that in the event that you remain incarcerated for more than the 90 day period you will then be discharged and will have to re-apply for housing through the Dutchess County SPOA system.

If you have any questions, please feel free to contact me at (845) 485-2117 ext. 214.

To Who it may concern:

I was arrested for possession with the intent to sell I had 42 bags of heroin which had nothing in them that was empty. When I was arraigned the public defender, D. Jen Brown, told me to waive my preliminary to get bail in court. I didn't know anything about law at this time, but it was my lawyer, so I thought that she was looking in my best interest.

ONCE I was in county court in front of Judge Forman. The DA and Jen told me along with Forman told me if I say I was a dope dealer I could get a six/five. I had told Jen Brown that I had a job at the time, and I was a addict, but they were stuck on me taking the six/five. I told Forman that I was guilty for being a ~~drug~~ drug dealer then he told me to sign a couple of papers, then the DA said I couldn't have the six/five anymore, and my lawyer did nothing about it. When she came to the jail she said she was going to try to get me in the ~~drug~~ Drug Diversion program. When Dawn Beach came to interview me for the program they look at me then got up saying we don't want you in ~~our~~ our program you're not a good candidate. I called Dawn on the phone and asked her why didn't she want me in the program. She said I'm a drug dealer and she doesn't think

I was a good Candidate, If I wanted the Program, That I'm going to sit in Jail till she feels like putting me in the Program. I sat in Jail for nine months, and then my lawyer said I got you in the program I said I just want to do my time, she said I got you in it already, if I refuse the Judge was going to think that I just wanted to go to prison to do drugs. She sat with me and told me the ~~Contract~~ Contract in two minutes, but the contract has a number of articles it take at least a hour to read or look up all the articles, maybe a half hour to explain it. The packet that they give you while you're in Jail and it has nothing to do with the contract Packet they give you to read in Jail. They say you sign over your rights with it doesn't it say you are signing the Contract so certain information is unprotected, which is mostly medical, mental hygiene, and hospitals. A lot of people went to Jail for a lot of years based on this protection. I was in the holding cell and there was another guy who said he had fifty bags and drug sales and Jawn beach went and got him and put him in the program. I did the whole programs with no problems and then same person that Jawn went and got he came in the program a month after me and relapsed got a completion before me. Jawn was about to arrest me one here say, my ex-girlfriend told her that I went to her job destroyed the place then got removed off the property by Police Contact. I told her I didn't do it can the police ask for on the Salvation army's video footage and check. She said I'm just going to have you both come in and if you are liar then I'm going to Jail. The day of us

meeting, I went to probation and Jaur came out and said you can go home she said she made it all up. I was ~~leaver~~ Probation one day and I saw the girl.

I was going out with I went ~~up~~ up to her and Jaur said out loud don't mess with him he's a playa talk to this guy he's quiet and single go get her number. Harr. Get out what she said to me. I went to ~~prob~~ Probation

before drug Court I couldn't go to the bathroom I squeezed a couple drops in the cup about 3% and you have to fill the cup up forty Percent of the way, I told I would come back after court he said no this is enough. I said there's no urine in the cup, he said your dirty not to

mention that for a whole year it was the same person ~~of~~ who drug test me then all of a sudden this one day

I came up dirty and they didn't send the 3% of urine to the lab. The housing unit RSS had a prior

relationship with Jaur beach cause a ~~of~~ of another person in drug Court that ~~o~~ deed. A five year relationship with Tammy breaker. I had a meeting with tammy breaker

and ~~terice~~ terice over a situation with the inequality going into my apartment. When I was talking to terice she told me that they was coming after me, I asked who

she said she couldn't tell me who just they was coming after me. For some to say that means it was planned before I got this information. Tell's me someone

is after me got a Verdetta for me, want me out the way. Denise also had that written on a statement that my old lawyer presented to me.

So when I got arrested for dirty urine all of a sudden all these statements started coming out of nowhere. The first one was that I got ~~kicked~~ out.

of my housing complex for selling drugs. Now I left this complex because of the harassment to me and my company, and I had a meeting with three counselors, with one of them was Denise, the same one who said I got kicked out for selling drugs. I wrote a white about this, and they rewrote their statements. Now the Janitor who was watching and following me, said that I had a lot of ~~girl~~ girls that look like prostitutes that be walking up and down main street, there was homicide out side my door all the time all day because a murder that happened to someone else that lived next door to me. Homicide said they did not see any hookers, and the Sheriff that live at the ~~entrance~~ entrance, said he never seen any illegal activity. The video tape of the parking lot had no footage had no video of these things. This is all evidence, such as exculpatory. All this is what Judge Greller threw out that proves my innocence. After the proceedings was brought back to normal, I didn't have any reason to jail, then probation ^{went} in my apartment and when threw my apartment all my belongings. I was no longer her client, I was kicked out of the program. She was trust passing. Then she said she found two lines of cocaine and a bag of cocaine in my apartment with kept me in jail for five months till it was talked about. My lawyer came to me in the holder sale in county court tells me that greller said he would give me two years with two hundred and twenty two hours credit if I said I ~~was~~ had cocaine in my house, I said no I'm

Not going to say I was guilty for a crime I didn't commit. I then told Jeri Brown, my old lawyer that I wanted to go upstairs to speak to Greiner. When I got in front of Greiner, and the treatment team and all the people in the audience and all the people in the jury box from probation drug court, and I asked and put on record, that you want to give me this deal, but I didn't have any drugs in my apartment, so let me see a Lab report. Some pictures, a police report that say you found drugs in my apartment. He said I don't think it exist, then the DA said here it is, and Greiner said there it is, then the district attorney past to my lawyer a document that said heroin, and my lawyer swatched it so fast saying she got to make copies, and she would bring it to me in the jail. When she came three weeks later, the document was four years old, my original case, so they did that in court to stop me from talking on record in front of everybody, but it also show I only had 0.02 grams of heroin. how can you get to prison for wax paper, because my lawyer wasn't working to help me cause she didn't suppress any evidence I did everything my own. I fired Jeri Brown, then Mr Greiner assigned Michael Cohen from Ulster County. So it took two months to fax my exculpatories to Greiner, so Greiner gave my new lawyer my evidence. When I sat down with Mr Cohen he said so don't like you so they set you up and got rid of you and you can't do nothing about it cause I signed a contract and because

It was Greller, and he's known for sending innocent people to jail. I told him let me see the folder so I can prove I'm my innocence. I was in my folder. It was only two papers I said to him were are the rest of my exculpatories? he said that's what Greller gave him. I told him to ask Greller for my evidence, he said Greller said it doesn't exist. Ter Brown told him she gave to Greller, and she faxed it to him, and now she doesn't have them. My lawyer to me to do a habeas corpus because he couldn't cross certain lines cause he was a public defender. I did one three months ago. I haven't got a response yet.

Sincerely yours
alfonso

Complicit and accountability May 25th 2015
I will be getting sentenced on May 28th

This is just new situation that's getting closer to sentence.
Just doing what was told me in the instructions.

My lawyer told me he can't represent me to the fullest of his capabilities. I asked him to report prosecution misconduct, obstruction of justice government corruption. he informed me that he is a public defender and he was not going up against Judge Greiner.

District Attorney:

ON May 28th I will ask for a reversal under 1983. Statute, and procedure due process violation and to have this situation readdressed in city court because I had five dollars worth of heroin and this situation should not have been in county court, and under neglect to prevent they as in the District Attorney's office should have sent this situation back to city court and I had a A misdemeanor, and should have gotten a ticket, but Greiner and the DA is trying to give me 12 years. And the fact that in the contract that had me sign basically is coercion. Cause they the situation was false or
